Vision

Empower, enrich and inspire

Mission

To provide adaptive and therapeutic horseback riding to anyone with physical, cognitive, and emotional challenges, and to improve the quality of life for these individuals with the opportunity for emotional, educational and physical growth through horsemanship and competition.

Values

Overcoming challenges & building relationships in a safe, professional, and inclusive environment & making it all fun!

Programs

Alisons' Whispers Adaptive and Therapeutic Riding Inc. is a NARHA (North American Riding for the Handicapped) member center and all programs are taught by NARHA Certified Riding Instructors.

- **Horseback Riding:**
Private lessons. Lessons are 30 minutes and are tailored to meet the needs of our riders.
- **Competition:**
Riders will have the opportunity to compete in horse shows.

What makes therapeutic riding so special?

The bonding between horse and rider creates a unique relationship that makes miracles happen on horseback. Riding provides many benefits impacting on all areas of life: physically, mentally, emotionally, and spiritually. It gives a rider with challenges a whole new sense of independence, self-confidence, and freedom.
